RE: Wilson Solar Project

Mr. and Mrs. Whitehair

As you know, we are the solicitors for the Venango Township Supervisors. It was a pleasure meeting you at last week's Supervisors meeting. The Supervisors had forwarded your letter of August 28, 2023, regarding the proposed solar project to me for review and response.

As I said at the meeting last week, your letter raises a number of great questions regarding this project many of which are shared by the Supervisors. I also believe many other residents will have similar questions and concerns. We do not have the answers to all your questions. However, we will be reviewing these issues as we prepare for the conditional use hearing scheduled for September 20, 2023. That public hearing is an important opportunity for the Township Supervisors and residents, like yourself, to address the project. Obtaining this information from the Wilson Solar representatives so that the Supervisors can make an informed decision on this project is the purpose of next week's hearing. For that reason, I also forwarded your letter to the applicants so they can be prepared to provide everyone with answers.

Thank you again for your input in this matter. We look forward to seeing you at the hearing.

Very truly yours,

NIETUPSKI ANGELONE, LLC
