Re: Wilson Solar LLC - Conditional Use Application / Solar Ordinance

Dear Sir or Madam:

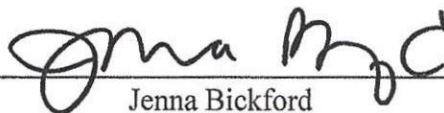

Enclosed please find two (2) copies of the updated Site Plan in connection with the pending Wilson Solar LLC Conditional Use Application / Solar Ordinance. The updated Site Plan removes solar panels from the parcel owned by the Estate of Robert D. Klopfenstein, Erie County Tax Index No. 44016022002000, upon which Wilson Solar has an option for an easement only. Those panels have been, to the extent practicable, relocated to other parcels within the Site Plan, as shown in red on the Index Map on page C-001 of the Site Plan. This update results in an increase in the number of strings of panels from 2,054 to 2,057 but a decrease in the limit of disturbance from 452.17 acres to 382.93 acres. To accommodate the relocation, the panel slope tolerance was increased from 15% to 25%, with slope areas greater than 25% delineated on the Site Plan (see Sheets C-050-C-064). There will remain 22 inverters on site. The tree clearing has also decreased.

Should you have any questions, please do not hesitate to contact me.

Very truly yours,

MacDONALD, ILLIG, JONES & BRITTON LLP
